Suspicion of Collusion Causes
Abrupt Termination of
Grimm's Fast Work.

ACTION IN THE MARTIN CASE

This, Too, Is Suit for Divorce and the
Court Wants To Hear the
Husband's Side.

Yesterday's divorce calendar was conducted by Judge Ritchie, and at the afternoon session of court four cases were up for hearing. In two of these divorces were granted, and two went over for further hearing.

In the case of Martin Grimm, Jr., Judge Ritchie was of the opinion that the proceedings savored of collusion between plaintiff and defendant, and he refused to have the hearing go on. Mrs. Grimm had filed a complaint asking for divorce from her husband as early as May 5 last, and a sensational cross-complaint was later filed by the husband. Yesterday the case was dismissed by request of Mrs. Grimm's attorney, and immediately thereafter Grimm filed a suit for divorce and asked for action at once. It was this state of affairs that caused Judge Ritchie to place the case on the regular calendar.

In his cross-complaint and again in the papers filed yesterday, Grimm depicted being a parent of the child, and said that he married only because of threats made against his life by the father and by her mother. He charged another man, not named in the complaint, as being responsible for the father's betrayal.

The other case deferred by Judge Ritchie was that of May Garlick Martin vs. Ed A. Martin. The wife alleged non-support in the complaint filed, and when Judge Ritchie learned that this was another forced marriage, he expressed a desire to hear from the husband before further action was taken.

Martha Payne was granted a decree of divorce from John Payne, upon the grounds of desertion and non-support. She testified that her husband, who was a doctor, went away from home May 15, 1904, and had not since returned. Before his departure and since that time Mrs. Payne worked at Z. C. M. 1. for her own maintenance. The couple married at Cripple Creek, Colo., July 10, 1901.

Cynthia Barbara La Baron was another wife to be freed from matrimonial bonds, and non-support and desertion were the grounds upon which the decree was granted. She married Alma Dayer La Baron at Juarez, Mexico, May 2, 1904, and the desertion occurred two years later. The custody of the one child was given to the mother.

"About two years ago my father came here from Mason City, Iowa, on a visit," says L. Scott, Duffield, Mich. "While here he was taken sick with diphtheria and cramps, gave him several doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy and it cured him." This remedy always cures. It is for sale by all druggists.

PRISONER A FINANCIER.

Gets Pair of Shoes from Jail and Promptly Sells Them.

Auber Stark, a city prisoner who was recently struck on the head with a pick while working on the chain gang, worked a neat little trick on Jailor Ripley late yesterday afternoon. He was working inside the jail and informed Mr. Ripley that he needed a pair of shoes. The footgear was furnished him and he immediately handed the shoes out of a window to a trusky, and instructed the latter to sell them. The trusky disposed of the shoes for \$1. Officer Curran detected the scheme and took Stark before Chief of Jail. The latter lectured the prisoner soundly and ordered that he be put back to work on the chain gang.

HAD FRONTAL HEADACHES EYES BOTHERED ME DROPPING IN MY THROAT

MRS. ELIZABETH H. MARTIN,
332 Bowen Avenue, Chicago, Ill.,
Chaplain Garfield Circle, writes:

"Peruna has been a blessing to our family for a good many years, as we have all used it off and on for colds and catarrh, and I have given it to all of my children with the best of results.

"I found that a cold left me with catarrh of the head in a very bad form. My head was stopped up, I had frontal headaches, my eyes bothered me, and there was a nasty dropping in my throat which nauseated me and made it impossible many times for me to eat my breakfast.

"As soon as I began to use Peruna I found it relieved me, my head soon cleared up and in a remarkably short time I was rid of catarrh.

"I can, therefore, give my personal experience with your valuable medicine, and am pleased to do so."

People who prefer solid to liquid medicines can now secure Peruna tablets, which contain the medicinal ingredients of Peruna.

RESTAURANT MAN ROBBED.

H. Halvorsen Slugged By a Highway-
man While Walking Home.

While on his way home about 10 o'clock last night, H. Halvorsen, a restaurant keeper residing at 653 south West Temple street, was knocked down by a masked highwayman and robbed of \$5, the day's receipts. Halvorsen was on West Temple between Fifth and Sixth South streets, and was carrying the money in a canvas sack. The highwayman stepped from the shadow of a building and dealt the restaurant man a blow on the head with some blunt instrument. Halvorsen was knocked to the ground unconscious and the robber quickly seized the bag of money and disappeared. The victim to the robbery reported the affair to the police and described the robber as being tall, dark and well dressed.

It has been Halvorsen's custom to take the day's receipts home with him and it is quite certain that the robber had watched him and knew of the practice. The loss is a severe one to the restaurant man, as he started in business only recently.

MRS. MAESER'S DENIAL.

Mrs. Lillian Loveland Maeser, who was recently granted a divorce from her husband, Prof. Emil Maeser at Los Angeles, has written to the papers of Salt Lake denying several of the charges attributed to her in the dispatches from the coast city. Mrs. Maeser denies most emphatically that she "is doing washing and ironing for a living." She says she has never done that in her life. She denies having stated that she supported her husband for 14 years, or that she paid her way to California. Neither did she say, according to her communication, that she had received no support from her husband since 1905. The real statement being that she had received no support from him since December, 1907, this being the language of the complaint filed in the case. Mrs. Maeser's communication concludes with the denial of having said she financed their honeymoon trip to Europe, and with a request to the Salt Lake papers to make correction of the statements said to be untrue.

ATTORNEY NEWTON IS DEEPLY PAINED

Files Sensational Affidavit Charging
Judge Whitaker With Un-
fairness to Lulu Williams.

NO POLICE COURT UP TODAY

Consequently Drunks and Vags Arrested
Last Night Will Have to Remain
In Jail Until Monday.

A rather sensational affidavit and motion in writing for a change of judge in the case of the City vs. Lulu Williams, a woman charged with vagrancy and soliciting, was filed this morning in the criminal division of the city court by Atty. William Newton in behalf of the defendant.

A few days ago the Williams woman was arrested for vagrancy and the desk sergeant at police headquarters, who is also bail commissioner, fixed her bail in the sum of \$50. The amount was furnished and the woman released to appear later for trial.

A day or so following her release she was re-arrested and thrown into jail. Yesterday morning the woman was represented in court by Atty. Newton, who made a motion that she be released on her own recognizance on the latter charge, inasmuch as she already had \$50 up to insure her attendance in court.

This motion by counsel was not listened to by Judge Whitaker, sitting for Judge Diehl. Judge Whitaker stated to the chief of police that he had a talk with Chief Pitt about the woman and he immediately issued an order raising the bond to the sum of \$250. Atty. Newton protested and declared that the purpose of a bond is to insure the attendance of the defendant in court when wanted by that tribunal. Newton also said that he had no right to approach the court with a request that a bond be raised, but that if he had anything to say in the matter it should be said in court when the case came to trial. Newton also angrily said that Chief Pitt, not any other person had any right to order a person to leave the city.

"I don't think that the government of this city has passed entirely out of the hands of the people," shouted the irate attorney. The motion did not go, however, as Judge Whitaker insisted on a bond of \$250.

NO COURT TODAY.

This morning, when it came time for court to convene, there was much surprise when the word was passed around that Judge Whitaker had sent word that he would be no court today. Under the law, it is the duty of the clerk of the court to adjourn until some future time in the absence of the judge, and this was done by Clerk George M. Gutch, who adjourned until Monday morning.

This means that eight or nine prisoners will not have a chance to be heard until Monday. Drunks, vags and others will have to lie in jail until that time or furnish bonds for their appearance. Why no court was held, or rather why the judge was not there to pass judgment upon the affidavits in the city docket, no one about police headquarters knew, but the fact remained, there was no court.

In spite of this fact, however, Atty. Newton filed his motion and affidavit. The woman was in jail and she signed the document. Later a paper bond of \$250 was signed, but there was no judge to approve it. Asst. City Atty, Peat, Daly was of the opinion that the bail commissioner would have to approve the bond.

"It is an outrage to keep people in jail just because the judge does not happen to be here to approve a bond," said he. The affidavit makes several serious and stinging charges against Judge Whitaker.

FOR S.S.S. BAD BLOOD

When bad blood is caused from an infection of the circulation by the virus of Contagious Blood Poison, it usually shows in the form of ulcerated mouth and throat, copper-colored spots on the body, swollen glands in the groin, falling hair, sores and ulcers, etc. These general symptoms, affecting all parts of the body, show how deeply poisoned the blood becomes, and emphasizes the dangerous character of the trouble. If allowed to remain in the system the disease will finally wreck the health and break down the strongest constitution. No medicine can cure Contagious Blood Poison which does not rid the circulation of every particle of the virus. S. S. S. is the one real and certain cure; it goes down to the very bottom of the trouble, and by removing every trace of the poison, and adding rich, healthful qualities to the blood, forever cures this powerful disorder. S. S. S. is the most reliable of all blood purifiers, and its concentrated ingredients of healthful vegetable extracts and juices especially adapt it to curing this insidious trouble. Write for our home treatment book, which is a valuable aid in the treatment of the different stages of the disease, and ask for any special medical advice you wish. No charge for either.

A NEW INDUSTRY FOR SALT LAKE

No More Smoke Nuisance—A New Fuel.

The Koala Fuel Manufacturing company, composed of local men, will establish a plant in this city, to manufacture "Koala," a briquette fuel. One ton of Koala will produce as much heat as one and a half tons of lump coal besides having the striking advantage of being practically smokeless, free from dust and cinders, and very low in ash. They can be handled without getting one's fingers dirty and do not crack or deteriorate by exposure to the weather.

This form of fuel is now used by every navy in the world except Russia and by nearly every city in Germany and France where one never sees overhanging a busy manufacturing city that cloud of dusty smoke so noticeable in our city and which has become a persistent and oppressive nuisance. There are now fourteen factories in America and new ones being erected each day.

Koala will cost no more than Utah lump coal and will last nearly twice as long.

The officers and directors of the local company are Col. N. W. Clayton, president; G. W. Holmberg, vice president; I. A. Clayton, treasurer; J. W. Wilson, bondholder; J. H. Tracy, general manager; W. S. McCormick and Henry Sadler, directors.

The subscription books of the Koala Fuel Manufacturing company will open Monday, Aug. 24, for the allotment of 75,000 shares of treasury stock at \$1.00 per share. All orders must be accompanied with 25 per cent of total amount subscribed for and in event this block be over subscribed, stock will be allotted pro rata. No more stock will be sold at this price for said amount will complete the 250 tons per shift plant from which they are assured a 40 per cent profit. The capital stock is 250,000 shares, par value \$1 per share, fully paid and non-assessable, of which 175,000 shares still remain in the treasury.

That the company may substantiate its claims and show you the opportunity for profitable investment in a conservative business, they extend a cordial invitation to call at their offices for full information, 14 west Third South street, Bell phone 4217. There are no speculative features, no prospecting for an unknown. Koala is a necessity. The market awaits the product.
